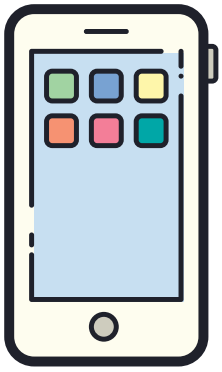
How to download a NHS Covid Pass

Here is an example of a NHS COVID pass:

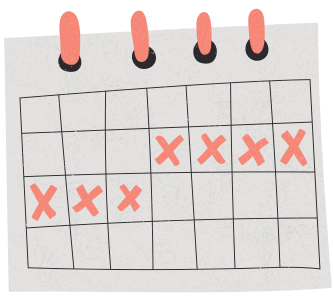
About the NHS covid pass

An NHS COVID pass shows your coronavirus vaccination details or test results.

You may be asked to show your NHS COVID pass to travel abroad or at some events or venues.

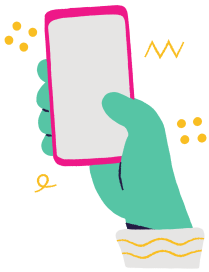


You can get a digital NHS COVID pass through the NHS app.

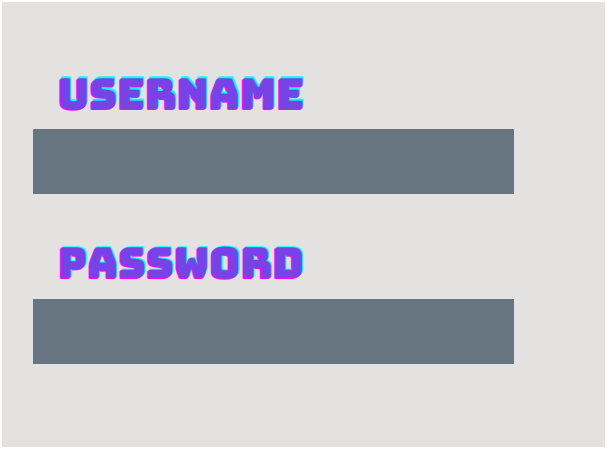


The digital NHS COVID pass lasts for 30 days. Once 30 days end, you can log in and download a new COVID pass.

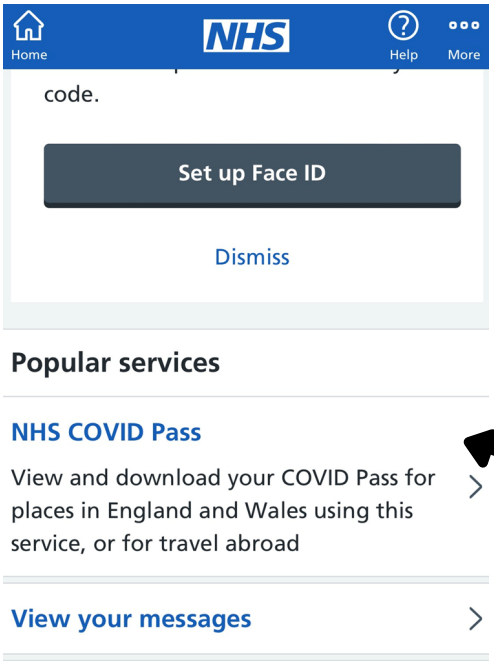
How to get a digital NHS covid pass for domestic events and venues



Download the NHS app on your phone. This is available on iOS and Android phones.

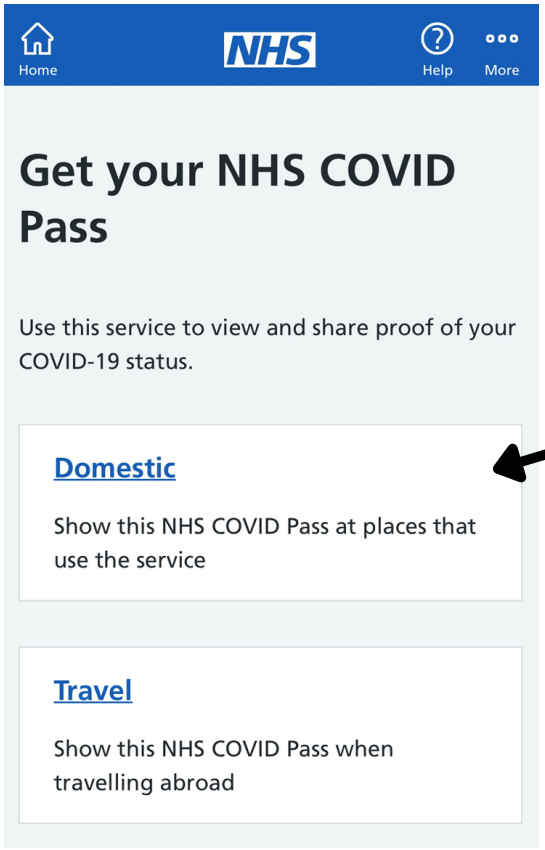


Once downloaded, you will then need to create an NHS login and provide proof of who you are.
You may need your NHS number and date of birth.

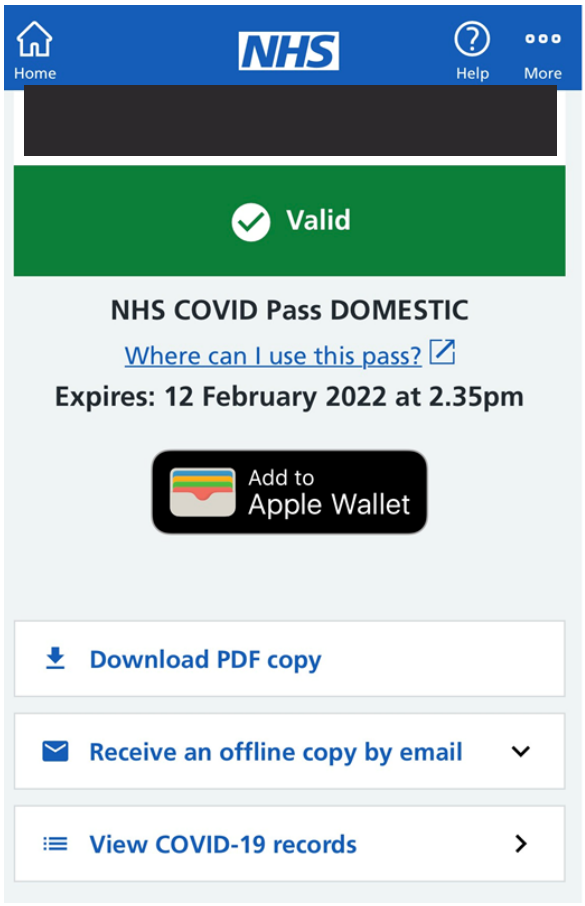


Once you have logged in, you will see this home page.

Click on "NHS COVID Pass"

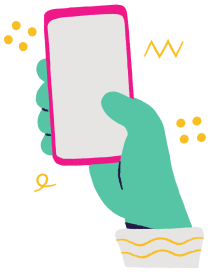


Then click on "Domestic"

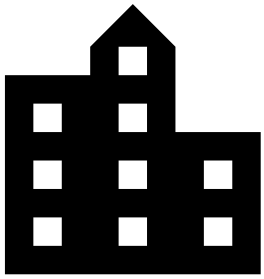


It will then show a QR code and display the expiry date.

When will I need to show my NHS Covid pass



This NHS COVID pass provides proof that you have been vaccinated.



You may be asked to show your NHS COVID pass to access events or venues.

This is what your NHS COVID pass should look like.
